GETTING TO KNOW US

With a clear focus on quality and innovation, Liquidsun produces private label & own label supplements for a range of established brands. We specialize in contract manufacturing. Our in-house team of experts help businesses to get a single window service for their products from concept to completion.

Our manufacturing facility is located in **Essendine**, Rutland, near the historic market town of **Stamford** and with close access to the A1.

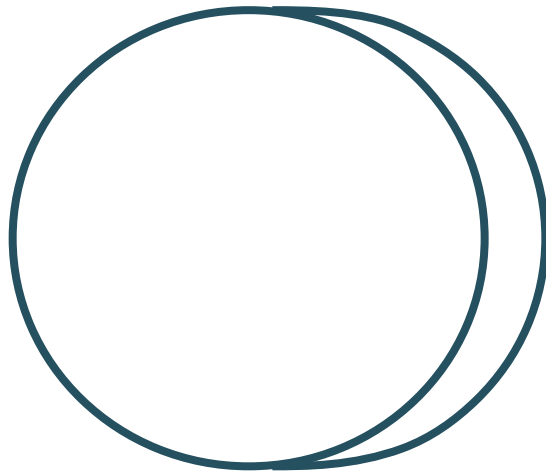

The main manufacturing site is spread over an area of approximately 30,000 square feet with adjacent additional warehousing of a further 10,000 square feet. Most of our staff are based locally or within a radius of 20-25 miles.

Products manufactured at our site for our clients find distribution throughout major retailers and supermarkets across the country and are also **exported internationally**.

CHOLESTEROL SUPPORT

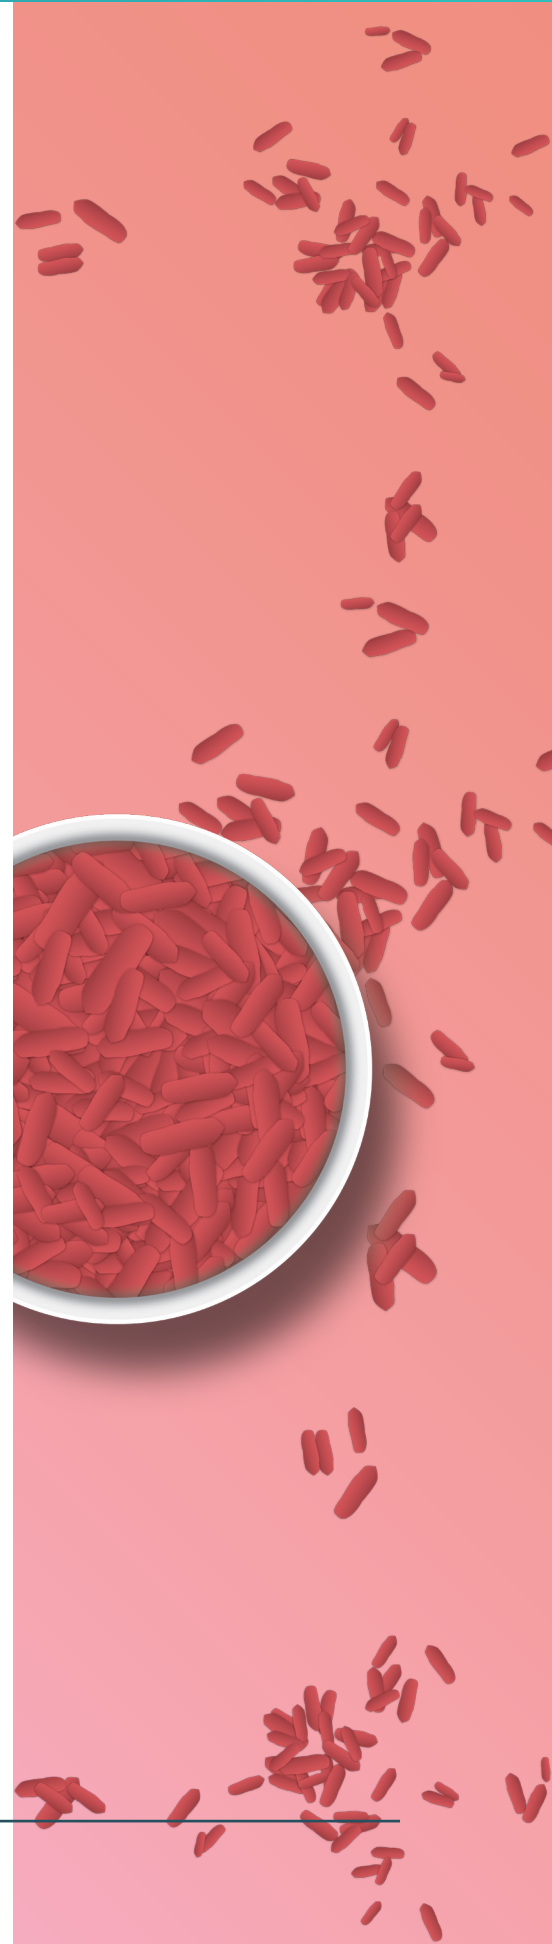

RED YEAST RICE

with Hawthorn Berry & Coenzyme Q10

Red Yeast Rice formula provides 830mg of Red Yeast Rice providing 3mg of Monacolin-K and 180mg of Hawthorne Berry powder. Monacolin-K from red yeast rice contributes to the maintenance of normal blood cholesterol levels (**Claims substantiated by GOV.UK**).

Our capsules also contain **Coenzyme Q10 or Ubiquinone** which is an antioxidant enzyme naturally produced by our organism. Because statin intake can reduce its production, we include 40 mg of **CoQ10** in each gastro-resistant capsule, to counter this effect and any other factor reducing your **CoQ10 levels**.
